Dave and Lisa have owned **ComForCare Home Care** since 2012, with their focus of providing in-home non-medical assistance to keep individuals living SAFELY within their own home environment.

Along the way they were hearing people say, “I don’t need 1-on-1 care” or “I don’t want a stranger coming into my home”. So, in 2016 they built a new facility, and opened the **Just Like Home Adult Day Center**.

The focus in both of their businesses is helping individuals to remain living independently within their own homes.

“Lisa and I want to help people with the necessary daily tasks, but most importantly help keep them safe”, said Dave.

Lisa added, “there are so many people in our community that need assistance and are living unsafe. We can help.”

Fast forward to healthcare today, and Dave and Lisa recognize another opportunity...Telehealth. Consequently, they have added a new division, **Wisconsin Telehealth Services**.

"We now feel that we can provide an option that can fit the needs of each person and family but will still keep them SAFE and living at home", said Dave.

Enhancing your Life...Not Changing It!

As they have grown, they have remained focused on the quality of care that they provide, and **have been recognized with numerous awards along the way:**

- **2013 Sprinter Award from the ComForCare Home Care corporate office**
- **2015, 2021, 2022 Best of Jackson – Home Health Care Agency Best Business Award**
- **2015 West Bend Chamber of Commerce Medium Size Business-of-the-Year**
- **2016 City Beat News Spectrum Award for Excellence in Customer Satisfaction**
- **2022 Interfaith Caregivers Judy Phillips Community Impact Award.**

Additionally, they have received milestone awards for providing 1000, 1500, 2000, and 2500 hours of care on a bi-weekly basis from the ComForCare Home Care corporate headquarters, ranking them in the top third of all ComForCare Home Care offices across the country.
